| Dresser | 2018 - Revised abstract designs one color at a time | - Good puzzles - Simple to learn - Fun - A new daily puzzle every day - Relaxing - Very positive review | - Can't continue game when switching device - Doesn't work on Google Playbook | - Android - Windows/Mac (or Steam) | - Puzzle | \$2.99 (Steam, 4.0/5) plus 3000 downloads | https://www.youtube.com/watch?v=6DfJyLjzHdI | "This is my favorite puzzle and has been since I got this game. It's simple to learn yet challenging to master. Also, new daily puzzle every day (in top of the "campaign" mode and what's more is why this is the only game I have on my phone). I have it on my phone and our turned on a folder with all the other games. Highly worth the asking price, and more." | https://www.youtube.com/watch?v=6DfJyLjzHdI | | |
| Lumiglow | 31.01.17 - Advance/puzzles | - Relaxing - Addictive - Addictive UI - Challenging - Minimalist aesthetic - Good & relaxing music - Relaxing - Lots of options - Relaxing | - Slow frame rate (PC version doesn't have that issue) - Low color depth - Hard to start app - Frustrating controls | - Android - iOS - Playstation 4 - Microsoft Windows (or Steam) - Linux | - Puzzle | \$1.99 https://chromey.com/app/469720 https://www.youtube.com/watch?v=KQWzXgkOOGU | Dresser is a subtle puzzle game about unravelling playful abstract artworks one color at a time. | "AMAZING! I absolutely love the audio from the tinkering soundtrack, to the create and click of turning puzzle pieces. It literally drives Perfect puzzle to an entirely new level and challenges you. Highly recommended!" "Elegant and challenging!" "Only thing missing is continuing when switching free device (eg. phone to tablet)." "Create on load in my Google Pixel." | https://www.youtube.com/watch?v=KQWzXgkOOGU | | |
| Layton's Mystery Journey | 20.07.17 | - Can't play in English, French and Spanish - Nice graphics - Interesting storyline - Excellent, Only free puzzles - Good music - Fun packed | - Huge starting issue or not being able to use memo pad - bad voice acting - Some puzzles feel stale - Not many puzzles in game in this series | - DS - Nintendo 3DS - Nintendo Switch | - Puzzle, Adventure | \$15.99 https://www.youtube.com/watch?v=KQWzXgkOOGU | Holy moly can't wait to play this game and they're still putting out a ton of extra content by making new chapters. I'm so excited! | "A great little game. Spent 10 hours playing the game and they're still putting out a ton of extra content by making new chapters. I'm so excited!" "The game has nice graphics and interesting storyline, however it wasn't for me. I guess I just wasn't after anything challenging or that pushed my boundaries. The graphics and references to old school mystery games were nice, but I just didn't care for the game itself. I think it's a good game, but I just didn't care for it." "I was really enjoying the game until it required a pig update... which is too much for my phone, so now I can't even download it. I'm so disappointed." "I started the game, bought all the DLC. I was trying to enjoy playing my saved dots of all game. I had not noticed an update was put out but it is a game that is hogging up my phone. I am so upset since I can't play them sometimes." | https://www.youtube.com/watch?v=KQWzXgkOOGU | https://www.youtube.com/watch?v=KQWzXgkOOGU | |
| Love you to bits | | - Nice graphics - Sound nicely - Addictive - Good mechanics - Fun puzzles | - Logging issue - Not optimized for certain screens | - Android | | \$1.99 https://www.youtube.com/watch?v=KQWzXgkOOGU | Love You to Bits is a crazy cute, punny visual, puzzle-filled, point-and-click, sci-fi adventure opening all around the universe. | "This game is cute and I like the puzzles. I ran into a logging issue while playing though which meant I had to patch it. I would have given it a higher rating if I didn't have to do that. I would have given it a higher rating if I could get it to log. I would take the game as long as get anywhere. It would also nice to have a save feature as that would be nice to start at the beginning of chapter 2 and was wondering if I could get a refund." | https://www.youtube.com/watch?v=KQWzXgkOOGU | https://www.youtube.com/watch?v=KQWzXgkOOGU | |
| Freespot | 15.09.17 - Drawing freestyle interchanges with finger | - Addictive - Fun - Challenging | - Incomparable with some screens - No auto button - Hard to start - Not enough levels for the price | - Android - Microsoft Windows - iOS - Macintosh operating systems | - Simulation Video Game | \$2.99 (Steam, 4.0/5) https://www.youtube.com/watch?v=KQWzXgkOOGU | You follow the journey of Kaine, a clumsy mouse space explorer in search of home, he robot prefers to be a friend instead. All of Kaine's puzzle get him in a series of difficult situations, but he always finds a way to fix him, rebuild her, and get back together. | "Great in concept but awful on a phone. The page claims small access support, but you spend 90% of the time doing the hard part on the PC due to touch screen issues. Can't figure out how to make function, it seems to do what he wants, and the help section is non-existent." "An excellent game, definitely worth the price. My only complaint is that there's no auto button and the controls are a bit finicky. If you often have to restart levels, which sometimes involves erasing a lot of work, it'd be nice to see a sequel with enhancements like a straight tool and something like traffic signals." | https://www.youtube.com/watch?v=KQWzXgkOOGU | https://www.youtube.com/watch?v=KQWzXgkOOGU | |
| Defend West | | - Fun - Good tutorial - Interesting gameplay - Very good music | - Ade - Can't attack units directly in front of player | - Android | - Puzzle | Free https://www.youtube.com/watch?v=KQWzXgkOOGU | You are a freeway traffic engineer. Drive freeway interchanges with your finger. Destroy incoming vehicles to collect. As you complete levels, you will discover Kaine and Kaine's heartwarming story! | "One of the best iOS games!" "I would be great to have ported on an android." "This game is amazingly fun. I got it recently, and have been playing it daily since. You have to watch an ad every time you get to level 5 to continue, which is slightly annoying, but much less so than some games." | https://www.youtube.com/watch?v=KQWzXgkOOGU | https://www.youtube.com/watch?v=KQWzXgkOOGU | |
